a) The course provided information on memorial ownership and responsibilities. The owners of memorials and headstones are responsible for the maintenance of the stones and should the Parish Council have to carry out repairs to ensure that it complies with its legal obligations whilst it is managing the Cemetery, then the cost of this is to be recovered via a recharge to the owners of the memorials. The latest advice is that the Parish Council should ensure that it has provision in its budgets to undertake these repairs.

**RESOLVED to undertake topple testing.**

b) The advice is that the Cemetery should break even. The Clerk advised that this has not been achieved in previous years and in order to achieve a break even point, the fees should be increased. Examples were provided of the charges levied by other authorities. The levying of fees will be considered at the setting of the budget.

There being no further business, the Chairman closed the meeting at 7;35pm.
